

CUBA PERFUMES

FOR MEN

_____ CUBA's Story : _____

Where fragrance meets the elegance of a cigar

In a world of ordinary fragrances, CUBA was born to stand out. Inspired by the timeless elegance of cigars, we set out in 1995 to create something bold, a perfume that blends luxury, craftsmanship, and originality.

The cigar-shaped bottle wasn't just a design choice, it was a statement. It redefined fragrance, merging the art of perfumery with an iconic symbol of elegance and luxury.

From the moment it launched, CUBA captivated fragrance lovers worldwide. Its unique design and fine fragrances quickly gained recognition. Over the years, it expanded across global markets, becoming a symbol of elegance and individuality.

With CUBA PRESTIGE, we took luxury even further, offering refined scents for those who seek the finest in life. Today, CUBA continues to thrive, reaching new heights while staying true to its roots.
